

Publication of Engineering and Architecture Researches

ISSN (Print): 2423-1274

ISSN (Online): Applied For

About the Publication

Publication of Engineering and Architecture Researches is an institutionally reviewed, peer-reviewed journal that publishes original and applied research in engineering, architecture, information technology, and related disciplines. The journal promotes multidisciplinary collaboration and the application of innovative research to address contemporary challenges and contribute to sustainable development and societal advancement.

The journal follows a **continuous publication** model for its online edition. Manuscripts that have successfully completed the editorial and peer-review process are published online immediately as **preprints**, facilitating the timely dissemination of research findings. These articles are subsequently compiled into the print issue published **once every semester**.

Publication of Engineering and Architecture Researches is available in both electronic and print formats. The online edition may be accessed through the **SMU Journals Archive** at:

Editorial Board

Chairperson

Dr. Melanie G. Sarmiento

Director, University Research Center

Co-Chairpersons

Engr. Carina Mallilin

School of Engineering, Architecture, and Information Technology

Engr. Gerene Almazan

Research Coordinator, School of Engineering, Architecture, and Information Technology

Miss Rhodora M. Aquino, MA
Technical Staff

Miss Gelyne P. Gallangi
Clerical Staff

Dr. John Octavious S. Palina
Supervising Head
University President

Scope

The *Publication of Engineering and Architecture Researches* publishes original and applied research in engineering, architecture, and related fields, including information technology.

Panel of Reviewers

Area of Specialization	Name of Faculty
Engineering	Carina S. Mallillin, MSME Dan Kenneth Lutchina, Reg. CE Jefrie T. Alindayu, MSCE Irvin Paul D. Quines, Reg. CE Andres P. Gualon Jr., MSCE Teresita L. Reyes, EdD Joel T. Mendoza, Reg. ECE Angelino A. Pimentel, MSECE Karen Sugue, Reg. CE Silverio V. Magday Jr., Reg. ECE Teofilo M. Sagabaen, Reg. ECE Jojo C. Mariano, Reg. EE, MBA Wenson R. Evangelista, Reg. EE
Architecture	Carlo Artus D. Julian, UAP Charmaine B. Bacarra, UAP Genesis P. Morales, UAP Audry May C. Dominguez, UAP Carina B. Binwag, UAP
Information Technology	Adonis Garces, DIT Paulina A. Marzan, MSIT Essel Canaberal, MIT Jerickson Chua, MIT Rogie Taborda, MIT Rocel Audrey Batara, BSIT Milagros S. Constantino, MIT
Guest Panel	Jerry R. Gamiao, Reg. ECE (Specialization: Biomedical Engineering) Moises Viernes, MD (Specialization: Medicine)

Publication and Ethical Standards

The *Publication of Engineering and Architecture Researches* adheres to the highest standards of academic integrity, research ethics, and responsible scholarship. All submissions must comply with the following requirements:

Eligibility for Publication

Only IMRAD derived from research studies that have:

- Obtained ethical clearance from the Saint Mary's University Research Ethics Committee, when applicable;
- Successfully passed the institutional research evaluation and oral defense process; and
- Received final approval from the appropriate academic unit.

Academic Integrity

The publication maintains a zero-tolerance policy toward academic misconduct. Any form of plagiarism, data fabrication, data falsification, misrepresentation, or unethical research practice is strictly prohibited. All abstracts undergo similarity checking through Turnitin or equivalent plagiarism-detection software prior to publication.

Authorship and Acknowledgment

Authorship is reserved for the student researcher(s) who conducted the study. Faculty advisers, mentors, and collaborators shall be acknowledged in accordance with institutional policies and accepted academic standards.

Responsible Use of Artificial Intelligence (AI)

Saint Mary's University recognizes the potential benefits of Artificial Intelligence (AI) technologies in supporting research and academic writing. However, their use must be transparent, ethical, and aligned with principles of scholarly integrity.

Disclosure Requirement

Authors must disclose the use of AI tools in the preparation of their full manuscripts whenever such tools have been utilized for purposes such as language enhancement, data organization, coding assistance, or preliminary analysis.

Prohibited Uses

The following practices are strictly prohibited:

- Listing AI systems or tools as authors or co-authors;
- Using AI-generated content without appropriate human verification and revision;
- Generating or fabricating research findings, data, analyses, or interpretations through AI;
- Creating fictitious, inaccurate, or unverifiable citations and references; and

- Submitting AI-generated abstracts as original scholarly work.

Author Responsibility

The student author(s) retain full responsibility and accountability for the accuracy, originality, validity, and ethical integrity of all published content. The use of AI does not diminish the author's obligation to ensure that all information presented is truthful, properly cited, and academically sound.
